***Shaping the Future with Your Opinions***

212226908\*

**Dear MySurvey Member,**

Would you please give this questionnaire to the person in your household whose age and sex are indicated above (this may be you)? Thank you!

**TO THE HOUSEHOLD PANEL MEMBER HELPING WITH THIS STUDY:**

Today's survey covers a wide variety of topics, such as your current lifestyle and choices you would make given different situations. You may remember doing a similar survey last year.

I would like to assure you that your answers will be completely confidential. Your answers will be tabulated with information from thousands of other participants and only the total results will be used for academic research purposes.

The survey is lengthy. To pace yourself, you can answer the booklet in sections if you like. Most of the questions can be easily answered by simply placing an "X" in the appropriate box or boxes. In the questions that ask you to write in your answers, please be as specific as possible. Please take your time to read each question thoroughly and be sure to answer all the questions. Remember that there are no right or wrong answers to this survey. We are just interested in your opinions.

Once you have finished, please return the questionnaire to me in the enclosed postage-paid envelope.

As a token of my appreciation, I have enclosed a \$5 and a \$2 bill.

Thank you for your continued cooperation.

Sincerely,

Carol Adams
